

MULTI PAYMENT METHOD

Payment Solution for Small and Medium Business.

One Click

Payment Solution

Current Problem Scenario

- With limited resource, Small and Medium Businesses always face a problem when it comes to Bill and Dues Payment.
- Due Settlements by Small and Medium Businesses are generally done during the month end and the most used method of payment is either Cash Or Cheque Payments.
- Maintaining long records or cheque payments or bank transfer is a tedious job and it consumes a lot of time.
- Some issues like cheque bounce, clearance of bank transactions/cheques may occur, adding an extra burden to the business personnel.
- This process need to automated such that the payment can be done within 5 minutes, while having the luxury of paying all dues at once with a single click.

SALIENT FEATURES OF OUR APPLICATION

- Upload multiple bills (containing the UPI ID where the payment is to be done) and pay all bills with one click.
- Add Manual bills, where you just need to enter : UPI ID, Description and amount.
- Also, there is an in APP Security check where you need to enter a 4 digit PIN for verification.
- Before Checkout, you can review all the payments you are going to make and also make changes if you want to.
- Once you Checkout, Payment is done, you get three options where you can check your PassBook, Send Invoice Via Mail or Save the Payment details in Drive.
